Bicentennial College Display At Library

A display at the Thomas Jefferson Branch of the Fairfax County Library, showing through January, honors the nation's birth year.

James Madison and Patrick Henry were among the Charter Trustees. Patrick Henry was a trustee for 24 years and sent seven of his sons there. William Henry Harrison, ninth President of the United States was an early graduate.

Included in the display are the graduation suit, picture, diploma and other memorabilia of an 1858 graduate, Chapman Hunter Chilton. These items were provided by his granddaughter, Harriett A. Chilton of Falls Church, a member of the Friends of the Thomas Jefferson Library, and his grandson, Dr. Chapman Hunter Binford of Arlington. Mr. Chilton was the first Superintendent of Schools in Appomattox County, Virginia, in 1870, a position he held for nearly twenty-five years. Four of his grandsons as well as two great-grandsons attended Hampden-Sydney College. Mr. Chilton attended classes taught by Dr. Joseph Wilson, father of President Woodrow Wilson, who was Professor of Physical Science during the 1854-55 session at Hampden-Sydney.

The material on display will later be placed in the Hampden-Sydney College Museum.

(Note The above article and picture were given to the **Times-Virginian** by Miss Harriett A. Chilton of Falls Church, formerly of Appomattox.)

Freezing - Questions & Answers

What is "Freezer Burn?" - Freezer burn is dry graywhite spots on frozen meats.

Is Freezer Burn Harmful? - No, but it does indicate a loss of nutritional value, moisture, flavor and texture. **What Causes Freezer Burn?** Evaporation of moisture due to improper packaging and/or wrapping material not specifically designed for freezing foods causes freezer burn.

What is the best method for defrosting frozen meats? Leave meats wrapped and allow to thaw in the refrigerator. Allow five (5) hours for each pound of thick cuts, less for thinner ones. Thawing meat at room temperature is not recommended; as the meat thaws, the outer surface warms up to room temperature. When held for more than two (2) hours between 60° F - 125°F., food is in the danger zone and subject to rapid bacteria growth.

Can solidly frozen meats be cooked? - Yes, but partial or complete thawing helps retain juiciness in thick cuts.

How much extra time should I allow for cooking frozen meats? - Cooking larger cuts of frozen meats takes one and a one-half times as long as fresh ones. Small thin cuts takes one and one-fourth times as long.

Can I refreeze thawed meats? Yes, if the meat is still very cold, up to 40°F. Foods warmed to 40°F or higher are not likely to be fit for refreezing.

Keep the freezer at 0°F or lower at all times. At this temperature, the nutritive value and quality is preserved.

Susan Virginia Goode

Graduated Magna Cum Laude

Susan Virginia Goode, daughter of Mr. and Mrs. David E. Goode of 2319 Indian Hill Rd., Lynchburg, was graduated magna cum laude from Shenandoah Conservatory of Music in Winchester, Virginia, April 25, 1976. Susan, who graduated third in her class, was selected by her college to appear in the 1976 edition of "Who's Who in American Colleges and Universities." She is the granddaughter of the late Mr. and Mrs. Walter W. Scott and the great niece of Miss Annie Hancock, Mrs. W. M. Abbitt and Mr. W. E. Hancock, Sr. of Appomattox.

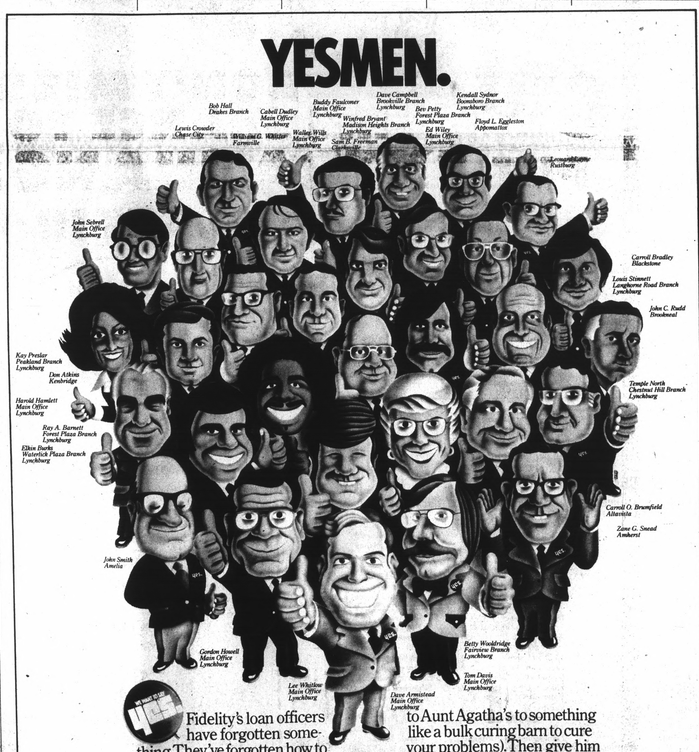
YESMEN.



Fidelity's loan officers have forgotten something. They've forgotten how to say n . Oops, we've even forgotten how to print it. But we can say yes to any reasonable loan request.

All you have to do is visit one of our loan officers and tell him what you want your money for. (And, like we said, it can be for almost anything—from that long awaited trip to Aunt Agatha's to something like a bulk curing barn to cure your problems). Then give him your credit information and wait for a little while. Chances are, if your credit's acceptable, we'll accept your request and give you a great big yes. After all, we've forgotten how to say that other word. One more thing. Say hello to Aunt Agatha for us.
